The Singer Manufacturing Co.'s NEW FAMILY SEWING MACHINE, 273 Broad Street.

MARKET and other First Class Fire Insurance Co.'s, representing $25,000,000. WILLIAM P. PARKER, 259 Broad Street.

PREFACE.

In presenting this his Second Edition to the sustainers of a Home Directory, the publisher again returns thanks for the many earnest expressions of sympathy, and of material support proffered him. It affords him great pleasure to know that his unremitting efforts to render a reliable work last year were appreciated, by the very general satisfaction expressed, and the *increased patronage* extended. He had hoped to place the work before the public *much earlier* than last year, but *unforeseen* obstacles prevented; and no one feels more chagrined at their occurrence than the publisher. Many changes, however, of quite recent occurrence, by being thus belated, the public have the advantage of, they having been *noted up to the latest moment*, thus rendering the work still more correct.

We congratulate our citizens upon the prospect of having the names and numbers of the streets throughout the city regulated; our city authorities having gone earnestly into the work. The changes will be noted, and the next issue arranged in accordance therewith.

Much labor has been bestowed upon our *present* "City (or Runners') Guide", of streets, lanes, alleys, courts, etc., (which is the key to the whole work), and it contains changes *nowhere else found in print.*

The Appendix also abounds in matter appertaining to the various interests of the city, and which he is happy to feel is also appreciated by our citizens. He intends to make it still more an inseparable adjunct to "Holbrook's Directory." The people sustain the work, and they shall be faithfully served.

The convenient little Map of Newark will not be overlooked.

The *difficulty* heretofore experienced by persons in finding their advertisements or other matters of interest, are removed by the newly introduced system of *paging.*

We are in hopes to be able in future to present in *detail* the growth of our city, its buildings, &c. Newark is rapidly *progressing.* The contemplated increased facilities of communication with our city tend to its advancement, and improvements are going on on all sides. The city is very healthy, the population is increasing and is estimated at about 105,000.

In youth provide for old age.

GEORGE L. FRIED,

Agent for

KNOWLES & SIBLEY'S PATENT STEAM PUMP.

This, the MOST PERFECT INDEPENDENT STEAM PUMP, has been used for more than eight years throughout the country for feeding stationary STEAM BOILERS and pumping water for PUBLIC INSTITUTIONS and Manufactories, with complete success, and for simplicity and durability defies competition.

GEORGE L. FRIED,

(SUCCESSOR TO GREEN & FRIED,)

No. 12 MECHANIC STRETT,

NEWARK, N. J.,

STEAM & GAS FITTING,

Dealer in Wrought Iron Pipe, Steam and Gas Fittings, Valves, Water Gauges, Steam Whistles, Steam Boilers, and Coils furnished to order at the shortest notice.

Our system of *Steam Heating* has been fully tested in this city and adjoining towns, and established its superiority over any other yet introduced, being used by many of our *Banking and Insurance Companies*, and by many of our citizens in their *residences*. It is easily managed, and consumes at least *fifteen per cent.* less fuel than any other heating apparatus.

☞ Trade supplied at the lowest rates.

J. B. DaCAMARA, Jr.,

SURGEON DENTIST

253 BROAD STREET,

NEWARK, N. J.

Pure NITROUS OXIDE GAS made FRESH EVERY MORNING. This is the ONLY establishment in the city of Newark where the Nitrous Oxide Gas is made FRESH EVERY MORNING. The large quantity of gas administered in my office daily *compels* me to *make it every day*, and frequently *twice* a day. I have used during the past three years on an average,

One Hundred and Fifty Gallons Daily.

I have administered it in this city during that time to

Fifteen Thousand Persons,

Without an accident. If pure and fresh it is not only harmless, but in the majority of cases delightful. Those who have not tried it can form no idea of how *perfectly painless* the removal of a number of teeth "while under its influence," can be made. No consideration should induce *any one*, particularly those in *delicate health*, to have a number of teeth extracted *without taking the gas.* In such instances the nervous system frequently receives a shock from which it never recovers. The gas produces a quiet sleep, lasting about *one minute*, during which time the teeth are easily removed,

Actually Without Pain and no Shock.

The patients instantly recover and declare they have been dreaming.

Patients who are unable through sickness to visit my office, will be waited upon at their residences.

Artificial Teeth Inserted in the most Skillful Manner.

☞The amount paid for extracting teeth will be always deducted when Artificial Teeth are inserted.

AMERICAN

MUTUAL INSURANCE COMPANY.

No. 259 BROAD ST., NEWARK, N. J.

CHARTERED IN 1846,

CHARTER PERPETUAL.

Accumulated Cash Assets, January 1, 1868, $620,117.63.

All the profits belong to the Insured.

The advantages of this Company, as its name indicates, is that it is purely mutual, there being no stockholders to receive a share of the profits, and all the profits belong to the insured, who do not incur liability for losses.

This Company has declared out of its profits, Scrip dividends of fifty per cent. on mutual premiums since the organization of the Company, and by the plan adopted for issuing Scrip the insured do not lose the fractions of shares to which they are entitled, and which in most Companies are wholly or in part forfeited.

It has sufficient Surplus reserved over all liabilities to meet extraordinary losses, and also to guarantee a continuance of the Scrip and Cash dividends heretofore paid to mutual insurers—while Scrip of most participating Companies is first cancelled in cases of unusual loss before the capital is affected.

POPULATION OF NEWARK.

The following table shows the annual increase of our population from the year 1826—when it was but 8 017—up to the present time. During the rebellion our numbers materially diminished owing to the scarcity of employment and the large quota contributed to the army. Notwithstanding these serious drawbacks, however, we now rank the Tenth City in the Union, with an estimated population of 101,100.

The World-Wide Reputation and Popularity of the

HOWE SEWING MACHINE

has induced certain unprincipled persons to avail themselves of a similarity of name and other equally dishonest devices to foist upon the public worthless imitations as the genuine Howe Sewing Machines. The public are therefore earnestly cautioned to observe the medallion head of ELIAS HOWE, JR, (trade mark,) which is imbedded in every genuine Howe Machine.

Also at the above Agency can be found all the FIRST-CLASS SEWING MACHINES.

PARTIES RENTING MACHINES,

and desiring to purchase within a limited period, will have the rent DEDUCTED from the COST OF THE MACHINE. This will afford an opportunity to thoroughly test a machine before buying. A party renting a machine can have the privilege of exchanging it for that of any other manufacturer without additional compensation. Our large stock and extensive facilities enable us to furnish a greater assortment of Sewing Machines than can be found elsewhere in this city or State. JACOB L. COLES, Superintendent.

REPAIRING promptly attended to. Particular attention given to STITCHING for Hatters and families. ☞ Agents wanted to canvass every Town and County in the State.

148 MARKET STREET,

NEWARK, N. J.

During the many years that I have received the favor of the citizens of Newark and vicinity, it has been my constant study and purpose to keep fully up with the age in every branch of the business—not only in complete, costly and elegant Hearses, Coaches and Funeral Fittings, but also in all the appropriate solemnities of burial; and in this connection I think I can in perfect fairness, and without egotism, assert that I have been the first in the country to introduce many needed improvements—among them a Hearse expressly for Children.

In the Arrangement and Management of Funerals

I am fully prepared to furnish all that is requisite, while my Stock of

I am also sole manufacturer of Hermetically sealed Burial Cases in various kinds of woods, in cloth or velvet finish.
